WATER SECTOR TRUST FUND (WSTF)

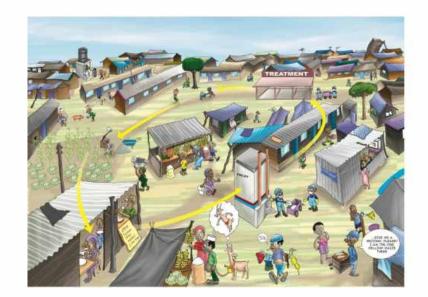

Up-Scaling Basic Sanitation for the Urban Poor (UBSUP)

Incentives for Stakeholders

Presentation Outline

- (1) Overview of Stakeholders
- (2) Incentives for the County
- (3) Incentives for the Water Services Provider
- (4) Incentives for the Community
- (5) Are there incentives for other stakeholders?

(1) Overview of Sanitation Stakeholders

Ministry of Water and Irrigation

Ministry of Health

WASREB (Regulator)

Development partners

Private Sector

Government of Kenya

WSTF

Community

County Government

Public Health Officer (PHO)

Water Service Provider

Citizens

Water Services Board (WSB)

NGOs & CBOs

National Environment Management Authority

Incentives for the County

- Improved public health
- Improved satisfaction among citizens due to concrete and visible actions on the ground
- Supporting the national goals through improved coordination
- Improved service delivery
- Any other incentives?...

Incentives for the Water Service Provider

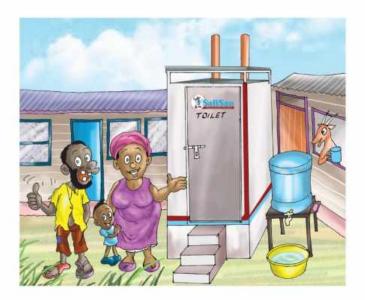

- Higher tariff (under discussion with WASREB Regulator)
- More paying customers (e.g. through communal septic tank approach)
- Improved service delivery
- Improved capacity (e.g. through accompanying measures of each SafiSan project)
- Reaching more people within the Service Area
- Reaching performance indicators
- Increased customer satisfaction levels and corporate image
- Sale of compost (soil conditioner) and/or bio-gas
- Any other incentives?...

Incentives for the Community

- Reduced health risks through improved sanitation
- Cleaner environments
- Access to improved sanitation through affordable solutions
- Potential (small-scale) business opportunities along the sanitation chain (e.g. construction, emptying, operation)
- Any other incentives?...

Incentives for other stakeholders?

Stakeholder	Incentive	Remark
Public Health Officer		

Thank You!

CLOSING THE SANITATION LOOP TREATMENT TREA
